

# SYSTEMATION'S VIRTUAL CLASSROOM

## Take your project-based training to a whole new place...your place!

Systemation has always believed that a one-size-fits-all approach is simply not practical. In fact, we're one of the only training companies to customize our workshops to meet specific customer needs. Flexibility has always been a hallmark of Systemation's success, and we're giving it a whole new meaning with our Virtual Workshops.

### SAVE TIME. CUT COSTS. GET TRAINED.

As fellow citizens of the project-based world, we understand the constraints of schedules and budgets. But we don't believe they should ever get in the way of progress. That's why we're helping you overcome the barriers

of space, time and cost by bringing the classroom experience to your desktop!

With our Virtual Workshops, you'll enjoy the same real-time interactivity that our onsite participants do but from the convenience of your own home, office - or just about anywhere in the world!

### ALL YOU NEED IS INTERNET ACCESS.

- Eliminate expenses related to travel, accommodations and time away from the office
- Interact live with Systemation's certified, experienced instructors and other students
- Benefit from the same renowned "experiential" learning approach employed by Systemation in its traditional classroom settings

### SO FLEXIBLE AND COMPREHENSIVE, THE ONLY THING MISSING IS THE HASSLE.

We make it easy for you to enjoy all the benefits of remote learning by designing our Virtual Workshops to be extremely flexible, highly interactive and very comprehensive.

### EXPERIENCE THE VIRTUAL CLASSROOM.

- Workshops are available for all project management, business analysis and agile development courses
- Students can participate using any computer platform or operating system
- The very latest in Web conferencing technology ensures an enriching experience
- Real-time chat makes Q&A a virtual breeze
- All course materials are shipped to the participant
